+55 31 97142-2346

Minas Gerais, Brazil

Profile

Versatile designer with over 10 years of experience, enriched by international living in Australia, Switzerland, and Portugal. Combines branding, advanced UX/UI, data visualisation, and A.I.-integrated design to deliver cohesive, strategic solutions. Global perspective, strong creative problem-solving, and a proven ability to lead design from concept to delivery.

Work Experience

Kaya Mind

May 2022 – Present
Brazil

Lead Designer – | Fulltime Contract

Design leader on the Kaya Doc 2.0 platform, driving the full UI and UX product's development. Responsible for building and maintaining the design system, advanced Figma prototyping, UX research, and integrating A.I. tools (Claude Design) into the design workflow – including generative A.I. for prototyping, asset creation and creative automation. Direct collaboration with stakeholders, technology and engineering teams to deliver cohesive, scalable solutions.

Freelancer

2014 – Present
Brazil

Designer – Web Design, UI Design, Branding

Independent projects across branding, web design, graphic and UI design for national and international clients. Application of generative A.I. tools to streamline creative production and expand visual deliverables.

Pelican Corp

Feb 2021 – Apr 2022
New Zealand
